

## **PROJECT UPDATE: Edwards Interchange** For the Week of May 30, 2011

### **Enjoy your Memorial Day Weekend!**

Next week is ACC's last week of construction with crews scheduled to be off-site on June 6, 2011. The project partners will then celebrate the official "grand opening" June 9, 2011.

Crews will not work Monday in recognition of Memorial Day. Tuesday - Saturday we'll see much of the same type of work as the past few weeks with minor paving, striping and installation of permanent equipment such as lighting, guardrail and signage. This work may require flagger manned traffic control during construction hours but there will always be one lane of traffic flowing in each direction. Construction Hours: Sunrise - 7 p.m. Monday - Friday with potential work on Saturday.

This will be ACC's last project update. This was a challenging project for both ACC and CDOT as we faced unforeseen conditions and we thank everyone for their patience and support.

**We hope everyone has a wonderful weekend and extend our gratitude to those who have died while serving this country and the families who suffered the great loss.**

ACC will alert you to any significant traffic delays but also encourage you to check our hotline at 970-949-1102 or the CDOT website for more information <http://www.coloradodot.info/projects/i70edwardsinterchange>. Alternatively, you may contact our public information office at 970-566-6912 or via email at [EdwardsInterchange@accbuilt.com](mailto:EdwardsInterchange@accbuilt.com).
