

US 385 North of Cheyenne Wells Resurfacing Project

Traffic Update: Nov. 27 to Nov. 30, 2022

Work & Traffic Impacts: The project is located on US Highway 385 north of Cheyenne Wells in Cheyenne County into Kit Carson County, just south of Burlington. The project limits extend from Mile Point 156.8 to MP 172.7, a 16-mile stretch of two-lane highway from County Road Z to County Road GG. This week, crews plan to finish shouldering and seeding at both correction curves. **This project is expected to go into winter shutdown after Wednesday, Nov. 30. Work will resume in spring 2023. Stakeholders will be notified a week prior to resumption of work.**

Motorists can expect:

- Alternating single lane closures will exist in both directions of US 385 at the site of both curves (MP 164 to MP 169) Monday to Wednesday
- Flaggers will be present to direct alternating traffic flows
- The closures will not overlap
- Motorists can expect delays up to 15 minutes during alternating traffic holds
- Speeds are reduced to 40 mph
- A width restriction of 11 feet is in place from 6 a.m. to 6 p.m. during work activities
- Construction schedules are weather dependent and subject to change
- Work will be suspended after Wednesday, Nov. 30 until spring 2023

Work includes shouldering and seeding at both correction curves.
